- F. All GDP statistics are in 2009 "chain weighted" dollars, unless noted otherwise.
- G. Employment numbers include oilfield machinery (in Wholesale) post-1997 & pipeline construction post-2001 (in Transportation). NAIC codes used post-2001.
- H. Energy trade includes coal and electricity. Royalty revenues include oil, natural gas and NGLs as available.

## INFORMATION ON IPAA ECONOMIC REPORTS

The Independent Petroleum Association of America is the national association representing the 6,000 independent crude oil and natural gas explorers/producers in the United States. Organized in 1929, IPAA acts as the primary spokesman for the independent oil and natural gas industry before all departments and agencies of the federal government and the public. IPAA provides a full range of services including statistical and economic analysis, government relations, and communications.

You can also access these industry statistics online at:

In addition to **United States Petroleum Statistics** (Annually), IPAA offers the following publications as part of its Economic Reports package:

**The Oil & Natural Gas Producing Industry in Your State**  
(Annually)

**IPAA Playbook**
