What People are Saying...

"Great presentation. Easy to process."

- Landman

"I really appreciated the animations to explain how drilling equipment works."

- Oil and Gas Accountant

"This was the best overview course I've ever attended."

- Engineer Technician

"Well worth the time as an overview of the industry."

- Oil and Gas Attorney

"It is a broad overview but the detail of the subjects help break it down."

- Video Report for Oil and Gas Publication

"I learned a lot of information and Paul taught at a level where the advanced and non-advanced could both comprehend."

- Educator
