Environmental Justice Groups Show How to Organize in the Age of Trump

"This is going to bring out the best in us."

Make an emergency donation to the Sierra Club

We must stand together like we never have before. We are already mobilizing and launching an emergency campaign to stop Trump’s efforts to derail everything we’ve achieved in the last eight years.

I need you to make a donation right now so we can put everything into action. Will you stand with us?

An Assault on Our Children and Our Wildlife

On June 1st, President Trump not only turned his back on wildlife, he also abandoned any pretense of moral leadership in the world.

With the decision to back out of the Paris Climate Agreement, the Trump administration is walking away from a promise that our government made to protect our future.

But EJF continues to give up on our children or our wildlife. There is too much at stake to do anything else.

Donate today to help us fight back against this appalling decision and continue to protect wildlife for generations to come!
