

RL, RPL and CPL Information

The Oil and Gas for Professionals course has been accredited by the American Association of Professional Landman (AAPL) for **7.5** RL, RPL, or CPL credits.

The affidavit of attendance will be issued upon completion of the course.

CPE Information

Program Description: This one-day course will provide an overview of the upstream portion of the oil and gas industry, with some midstream information, and will cover the following topics: 1) the Structure of the Industry; 2) Geology and Exploration; 3) Mineral Rights & Leasing; 4) Drilling and Completion; and 5) Development and Production Operations.

Learning Objectives: The course information should improve workplace comprehension of accountants working in or with the oil and gas industry including oil and gas accounting staff, internal auditors, external auditors, tax professionals and other finance staff. Specifically, the course will help attendees perform the following with regard to the upstream sector:

- Explain industry functions and their role in the overall business process
- Describe key operations driving revenues and costs
- Recognize terms used in accounting records, invoices, and other business documents
- Name the source activities underlying major accounting workflows
- Interact with coworkers or clients with greater competence and understanding

Instructional Delivery Method: Live presentation

Prerequisites: None

Advance Preparation: None

Program Level: Overview

CPE Credit: Up to 8 hours recommended in Business Management and Organization field of study

Registration Requirements: Enroll on the IPAA website

Cancellation policy: See the IPAA cancellation policy during the registration procedure

Contact: Please direct any questions, comments or complaints to the IPAA or to Brandon Muzny by email at brandon@energy-train.com or by phone at 713-780-2131.
