2018 CONGRESSIONAL CALL-UP

Each March, IPAA members from all over the country gather in Washington, DC for IPAA's Congressional Call-Up. Oil and gas exploration and production, service and supply and cooperating state association representatives come together to present a united voice on issues that matter most to the success and future of the industry to maximize our ability to make change. The IPAA Policy Briefing is where participants get in-depth education on IPAA's priority legislative issues, determine how they will affect their business, and discuss in person with their congressional representatives about the importance their votes will have on them as an individual business person and collectively as an industry. In 2017, IPAA members participated in 150 meetings with House and Senate Members and helped influence change on Capitol Hill. IPAA offers complimentary attendance to members to participate and is seeking financial support of this important annual program.
