

KRISTINE KLAVERS, SENIOR VICE PRESIDENT CONSULTING, AMERICAS - ARGUS

Kristine has more than 23 years of experience in consulting and is an expert on global fuels and refining. Prior to joining Argus, she was in charge of Hart Energy's Research & Consulting division where she built their global presence, established the International Fuel Quality Center, and was publisher of *FUEL Magazine*. Prior to joining Hart Energy in 1996, Kristine worked in the UK on the business management of oxygenated fuels for LyondellBasell, which acquired Arco Chemical Co in 1998, as well as a process engineer for Japanese Gasoline Co. (JGC) in Japan.

A native of Oslo, Norway, Kristine earned her master's degree in chemical engineering at the University of Twente, Netherlands. She also developed a catalyst for methane coupling at Tokyo Institute of Technology in Japan that was patented and sold to the industry.
