

YOUR INDEPENDENT VOICE

in Washington, D.C.

Championing the interests of Independent Oil
and Natural Gas Producers for 97 years.

[IPAA.ORG/JOIN](https://www.ipaa.org/join)

For 97 years, the Independent Petroleum Association of America (IPAA) has served as the national trade association representing independent oil and natural gas explorers and producers across the United States. In addition to its independent work, it operates in close cooperation with dozens of unaffiliated national, state, and regional associations that collectively represent thousands of royalty owners, as well as the service and supply companies that support the domestic industry—creating a unified and influential voice in Washington, DC.

Beyond its advocacy efforts, the IPAA provides year-round business development and networking opportunities that foster collaboration, professional learning, and the exchange of industry best practices. These events help members strengthen relationships, stay informed on emerging trends, and identify new opportunities for growth.
